RICHMOND, CAL., THURSDAY, JUNE 24, 1915. NUMBER 125

2,000 O.T. Employes To Picnic At E. Shore

FIRSTANNUAL OUTING IS TODAY

Superintendent Charles F. Donnelly Is the Chairman of the Day—Tug-of-War to Be Feature.

Nearly 2000 platform men, line men, track oilers, officials, stenographers and other employes of the San Francisco-Oakland Terminal Railways will congregate at East Shore Park today and tonight to celebrate the first annual outing the big transportation company plans to give its employes.

Superintendent Charles F. Donnelly of the Northern Division is chairman of the day. D. S. Delaney, line department, and Conductor W. O. Brink and H. C. Kettle of this division are also on the committee.

Scores of interesting events have been arranged for the day. A tug-of-war between the local northern division and one of the Oakland division has been arranged. A fare collecting contest will be held, and the winning conductor will be given the title of the fastest jitney grabber of the system. Baseball games, boxing matches, races, band music, box lunches, free coffee, dancing in the pavilion from 1 o'clock to midnight, a big home talent vaudeville show in the evening, and dozens of other numbers makes the program an exceptionally interesting one.

In the boxing matches, Motorman Fuller of this division will meet a fast platform man from the eastern division of Oakland, and Conductor Tonkin will tangle with a Key division man.

The northern division's tug-of-war team has not been fully decided on yet, but among the platform men who will be in the harness are H. Moyle, E. G. Lindberg, H. H. Williams, R. G. Huestis, J. Yocum and C. L. Charter.

Families and friends of S. F.-O. T. R. Co. employes are invited to join the merrymakers at East Shore Park today.

SONS OF ST. GEO. INITIATE ONE

The Sons of St. George held their regular weekly meeting last night, at which the usual good attendance was present. One new member was initiated. Plans were made to attend the dance to be held by the Oakland lodge at their new building, Twenty-fifth and Grove streets, next Saturday night. The Richmond members will attend in a body. A live campaign for new members is now on, and a good number of prospective members are being turned in. It is expected a large number will be initiated in the near future.

SERVICE BUREAU MEETS TONIGHT

The regular monthly meeting of the Social Service Bureau will be held this evening in the Presbyterian church. All members are urged to attend.

MOUNT LASSEN ERUPTS 102 TIMES

REDDING, June 23.—Mount Lassen erupted this afternoon for the 102nd time.

According to a dispatch from the Hat Creek region, the eruption is not serious.

Miss Vera Gilson Is JuneBride

Tuesday afternoon at 3 o'clock Rev. Frank Linder, pastor of the Wesley Methodist Episcopal church, performed the ceremony which united Miss Vera M. Gilson of Richmond and Virgil W. Strickland of Eldorado in marriage.

The wedding was at the home of Mr. and Mrs. George Chippendale on Bissell avenue and was attended by members of the bride's family and a few friends. Mr. and Mrs. Carter of Pittsburg were out of town guests.

The groom is a prosperous young rancher, living near Eldorado, and the bride is a popular member of the local younger set. A honeymoon of several weeks, spent in a tour of the state, will precede the taking up of their home on Strickland's ranch.

POWDER WORKS ARE GUARDED

HERCULES, June 23.—Twenty-five watchmen have been thrown about the Du Pont Powder works here and every person coming within walking distance of the plant is being closely watched.

This is the result of the recent blowing up of a large quantity of dynamite at Seattle, which was being loaded aboard a steamer for Vladivostock, for use by the Russian armies.

The company believes that every effort will be made to stop the exportation of ammunition and the Exposition guards, who were recently released, have secured positions as watchmen for the local concern.

The powder company is working day and night to fill the large orders and every precaution is being made to insure the safety of the employes as well as the product.

FOUR KILLED, MANY HURT BY QUAKE

Three Are Americans—$400,000 Damage to Property by Temblor That Shakes the Imperial Valley.

EL CENTRO, Cal., June 23.—Four are dead, a score are injured and property damage to the extent of $400,000 has been done as the result of the earthquake that shook the Imperial Valley yesterday.

The dead are: Bert Arbuckle of Los Angeles, Joseph Hack and James Stancil of El Centro and one unidentified Mexican.

The bodies were all found in the ruins of adobe buildings in Mexicali. Other bodies may be found later.

EL CENTRO, Cal., June 23.—Frequent but slight tremors continued to shake this city and vicinity this afternoon. The city is virtually under martial law and business is suspended, while police patrol the streets to prevent pedestrians from walking on the sidewalks in the business districts.

CALEXICO, June 23.—Further earthquake shocks were felt here today. Several tremors after midnight were followed by a severe shock at 10 o'clock this morning. To date the loss of life is placed at seven, and property loss $1,000,000.

Sharp's Heading, the principal and controlling unit of water supply for the Imperial irrigation system, sagged and settled under the renewed quakes. Further shocks might break the heading and paralyze the entire water system of the valley. This, it is feared, would result in floods that would greatly increase the damage to date.

CANAL BREAKS.

From Andrade, Lower California, comes the report that Alamitos Canal, one of the waterways of the Imperial Valley irrigation system, broke under the earth shocks last night, but is being repaired.

Warns Property Owners To Cut Down Dry Grass

As the danger of fire from lots covered with dry grass increases daily, Fire Chief Lemoine last night issued a statement to property owners and residents, informing them that the danger to residences and outhouses from grass fires would be greatly decreased if the dry grass along the fences and around buildings be cut off for a distance of three feet or more.

Attempts will be made by the fire department to have a firing squad employed by the city council, to burn off the grass on the vacant lots of the city. Such a method was employed to reduce the fir hazard last year, and it was found very effective.

WINERY WORKER HURT IN FALL

Louis Peterson, employe of the California Wine Association, was badly injured yesterday when he fell from a ladder while at work at the winery. He was cut over the right eye and deeply cut across the cheek bone. The sight of the eye will not be affected, according to the attending physician.

MARTINEZ TO GET GAS.

By Monday, August 16, the Contra Costa Gas company expects to be serving the gas to Antioch, Pittsburg, Concord and Martinez. The work of laying the mains throughout the city is to start at once and 30,000 feet of pipe will be necessary.

Such was the statement of Superintendent T. D. Petch yesterday. Concord will be getting her first gas in ten days. Then the mains will be started from that city to Martinez and about half a mile per day of pipe is the record which the crew is making.

Mr. and Mrs. C. L. Washburn, who last Saturday motored to Petaluma to spend a week with friends, will leave Petaluma for Healdsburg and from there go to Sacramento, where they will spend the rest of their vacation.

Mr. and Mrs. W. F. Petiilon yesterday received an invitation to attend the New York day exercises at the Exposition, June 30.

2 TANK CARS ARE DAMAGED

Two Union Line tank cars were badly damaged yesterday morning when struck by a Santa Fe engine, No. 2185, at the switch near the Standard Oil acid works.

One of the tank cars was loaded with kerosene. The impact sprung a number of plates and the oil poured onto the ground.

CATCHES YOUNG 14-FOOT SHARK

A baby man-eating shark, over 14 feet in length, was landed yesterday by Ernest Winters, third assistant lighthouse keeper of the Southampton Shoal lighthouse, when he was fishing for bass. A short time ago Winters caught a shark about nine feet long.

PRIZE WINNERS AT WHIST PARTY OF AUXILIARY

The Ladies' Auxiliary to the Brotherhood of Railroad Trainmen gave a very successful whist party yesterday afternoon. There were ten tables of players.

Mrs. G. W. Nelson won the first prze, Mrs. Schlandecker second and Mrs. Gardner consolation.

Mrs. Krenzer May Sue R.R. For Million

Mrs. J. B. Krenzer, 453 Twelfth street, believes that the Pennsylvania Railroad Co. owes her nearly a million dollars for property in Chicago on which is located the Englewood station. A grandmother of Mrs. Krenzer owned 1200 acres of land in Englewood and shortly after the railroad built the big Englewood station she started suit for the recovery of the value of the porperty.

Mrs. Krenzer has retained Clint D. Horner to search the records of the city of Chicago, to do which he departed for the East yesterday.

RUSS ARMY A MOB BEFORE GERMANS

David Lloyd-George Tells British Labor That It Must Rally to Ammunition Factories in Seven Days.

LONDON, June 23.—Lemberg was carried by storm last night. The Russian army is in retreat in wild disorder. The three columns of the Teutonic armies are pressing their advantage. It is hoped here that the Russians will manage to extricate themselves from the rapidly tightening trap.

In Berlin and Vienna there is wild enthusiasm. It is declared the greatest victory of the war.

The attacks of the English and the French in the western theater of war ceased yesterday. At Arras the French are apparently exhausted.

In the House of Commons today David Lloyd-George gave British labor just seven days in which to keep their "promises" to him and rally to the ammunition factories and force production to a maximum.

Starting tomorrow, the greatest recruiting campaign of the whole war will be waged.

BERLIN, June 23 (Via Wireless to Sayville).—Lemberg, Galicia's capital, again is in Austro-German hands. Official announcement of its capture was made from the war office here today. The advace guard of the Teuton army entered Lemberg yesterday afternoon.

Furious fighting marked the capture.

The Russians are also retreating along the upper Vistula.

Kaiser Wilhelm, today's official statement said, will lead the triumphant artillery of General von Mackensen's army into the city.

The victory is being celebrated throughout the central empires.

The war office, in a supplementary statement, today announced that 60,000 prisoners and nine guns have been taken by the Germans since June 12. It was believed here, however, in the absence of any authoritative report, that the Russians saved most of their artillery at Lemberg.

Dispatches received here from correspondents at the front said the retreat of the Slavs was marked by extreme disorder.

'IT'S A GIRL' SAYS CAPT. J. GRIFFIN

J. J. Griffin, captain of the W. O. W. drill team, is the proud father of a girl baby. Mrs. Griffin and the child are doing very well. The little newcomer came into the world on Monday. Discipline in the drill team, which practiced last night, was conspicuous by its absence.

WILL BUILD ON NINETEENTH ST.

Mrs. Rose A. Martinez was issued a permit to build a $1500 frame residence on Nineteenth street, between Chanslor and Bissell, yesterday. The work will be done by Contractor Anderson.

WOULD CALL A 3 DAY STRIKE

Alameda Central Labor Council Suggests Demonstration to Aid Ford and Suhr to Liberty.

A communication, asking the local Labor Council for an expression of opinion on the advisability of calling a three-day strike in all industries in California to put emphasis to the demand of organized labor of California for the release of Ford and Suhr, serving life sentences for alleged murder, growing out of the hopfield "riots," was received from the Alameda County Labor Council.

No action was taken by the council last night. Next Wednesday, however, the matter will come up for a vote. It is urged, therefore, that every delegate be present on Wdneeday so that a vote will be thoroughly representative of the way local workers think of the matter.

NATIVES ELECT T. J. Shea President

The Native Sons elected the following officers last night: T. S. Shea, president; R. W. Thrower, first vice president; W. B. Pitchford, second vice president; F. A. Middleton, third vice president; T. H. Summers, marshall; M. H. Hadley, inside sentinel; W. J. Lane, outside sentinel; F. C. Patterson, financial secretary; F. G. Smith, recording secretary; Chas. Swartout, trustee; Chris Escobar, treasurer; Dr. Hall Vestal, surgeon. Ira Pearce, formerly of this city, but now employed in Modesto by the Transcontinental Transportation Co., was a visitor in the lodge meeting. The local lodge will be well represented at the ball of the Stars and Stripes that the lodges of the bay cities will give in the Oakland Auditorium on Saturday evening, July 3. Admission will be $1 per couple; extra lady 5c.

WILL STAND ON HIS HEAD ON FLAG POLE

Tonight Bobbie Simpson will do the "human flag" on the flagpole of the Pillow building.

That doesn't sound very hard. But it is. To do a human flag you stand on your head on the very top of a swaying flag pole. Very few steeple jacks can do the feat. Simpson can and will do it tonight at 8 o'clock.

Besides standing on his head, he will do other hair-raising stunts on the top of the pole. He will also throw passes to the crowd. These passes will admit you to the Lyric theater and are given with the compliments of the Daily News.

Simpson will deliver his famous lecture, "Life Behind Prison Bars," at the Lyric after his daring exhibition.

Permission to use the flag pole on the Elks building was revoked yesterday, so that Simpson did his stunts last night on the doubly dangerous pole over the Variety store. This pole i sthin and long and bent under his weight. Despite that he demonstrated that he was absolute master of equilibristic feats and thrilled the large crowd that gathered to watch him.

The Richmond Concert Band will give its weekly concert at Seventh and Macdonald and the boxing matches in the skating rink start at 9 o'clock.

LOCAL MAN AND CROCKETT RESIDENT BUY DODGE CARS FROM SELLERS

G. B. Green, proprietor of the Baltic Bar, 37 Park place, yesterday bought a Dodge car from Agent Harvey Sellers. Harry A. Clark of Crockett, Cal., did the same.

Sellers continues to sell as many Dodge cars as he can induce the manufacturers to ship into this county.

LADIES' AID TO MEET.

The Ladies' Aid of the Christian church will meet in the church parlors this evening at 2:30 p. m.

Inventory To Be Taken By Santa Fe Co.

Notice was posted in the Santa Fe shops yesterday advising employes that from June 24 (today) to July 1 the plant will be closed.

June 30 is the end of the fiscal year and work is suspended so as to take an inventory.

E. H. Harlow, master mechanic, said last night that it is the usual yearly practice.

JOSEPH NICHOLL FILES SUIT FOR QUIETING TITLE

Joseph L. Nicholl, brother of John Nicholl of Richmond, has commenced suit against the John Nicholl company to quiet title to lot 56 of the San Pablo rancho.

Joseph Nicholl has made his home on the property for a good many years and it was included in the list of holdings of his father when he passed away about a year ago.

MISS MOODY IS HONORED BY LEAGUES

Miss Nina E. Moody, school teacher and prominent church worker, was highly honored last night by the Epworth, Intermediate and Junior Leagues of the Wesley Methodist church at a farewell party given in the church parlors.

She was given a beautiful leather traveling bag by the Epworth League members, Rev. Frank Linder making the presentation speech.

The Intermediate League gave her a silk umbrella, Harold Smith making the address. The Juniors presented her a pair of gloves.

After the speech making and giving of gifts, Miss Moody made a little talk of appreciation.

Miss Moody has been a member of the church for the last four years. Largely through her efforts the Sunday school is as big as it is. She organized the Intermediate League; reorganized the Juniors and taught the Philathea class. The entire congregation feel keenly the great loss in losing Miss Moody.

Games and refreshments were a part of the evening's entertainment.

Miss Moody will go Friday afternoon to Lodi, where she will teach school.

SEARCHES FOR CATTLE THIEVES

RINGLE, June 23.—John Vincent has requested the sheriff's office to locate if possible five head of stock which were driven from his ranch near here some time during May.

There were two roan heifers, a black calf and a Holstein heifer and two other calves. Vincent has conducted a search on his own account but failing to find the stock has offered a reward of $25 for the capture of the thieves.

BACK HOME.

Mrs. J. E. Bottom and Miss Helen Cowan, 125 Tunnel avenue, will return from Hollister, Cal., today, after a two weeks' visit there. Miss Cowan is a popular high school girl.

Petition For Raise In Councilmen's Salary

ASK THAT $50 PER MONTH BE GIVEN

Officials Declare They Do Not Know That Petitions Are Being Circulated.

Three petitions to have a monthly salary of $50 paid to each of the nine city councilmen were placed in circulation by prominent people yesterday. A number of names had been secured last night.

The petitions are addressed to the mayor and city council, and ask that the city council pass a resolution providing for the payment monthly from the general fund, beginning August 1, or to submit the proposition to a vote of the people, after 60 days of the time the city clerk certifies to the sufficiency of the signers of the petition.

The petition states in it that the members of the council devote a great deal of time to serving the city, and that paying them would be to the service of the best interests of the city.

The members of the council said they were not aware of the petitions being out when interviewed last night.

PROGRESSIVE POINT CLUB HOLDS MEET

Members of the West Side Commercial Club are now confident that the proposed bay shore boulevard, extending from the municipal tunnel entrance to Standard Oil properties along the bay front, will become a reality this summer. Charles H. Hogg and J. B. McKenzie of the firm of McKenzie & Hogg, the big realty owners along the proposed boulevard, were present at the meeting of the Commercial Club last night, and will go over the proposed route this afternoon with the club's committee and whatever other members that can be present.

The route proposed by the realty company is somewhat higher above the bay shore than the plans adopted by the club call for, but McKenzie & Hogg state that the grade is better and fewer lots are sacrificed. The proposed route is from the tunnel along Bishop to Washington, along Pacific to High, across lots, then along Golden Gate to Contra Costa, along Contra Costa to Pacific avenue, and along Pacific to the Standard Oil cut.

The committee on the project is composed of W. S. McRacken, H. W. Wernse and R. L. Fernald.

Urging the Municipal Improvement company to start work immediately on their Cutting boulevard contract, came up for discussion, and all of the members favored taking a firm stand on the matter, and a committee consisting of J. F. Stiefvater, W. S. McRacken and J. G. Gerlach, was appointed to confer with R. R. Ditzel of the M. I. company.

Ditzel has stated that he would commence work on the contract by July 1 and already has form setters setting forms for the sidewalks and curbs.

Vice President Huntzinger presided at the meeting last night, in the absence of President Garrard.

The popularity of the club was evinced by the large attendance last night, and by the number of new members taken into the club. The new members are S. P. Aravanite, F. S. Snell, William Ellis, C. E. Allen, E. M. Tilden, J. C. Korn, Chris Machado, J. B. McKenzie and C. H. Hogg.

SPEEDING UP SYSTEMS PRODUCE INSANITY.

"Speeding up" systems are sufficient to upset the mind of an ordinary individual and produce insanity.

This is what the solicitor of the United States Department of Labor thinks of the stop watch method of production.

The department has sustained this view, which is included in an opinion by its legal advisor that a worker injured because of a strain from working under a "speeding up" system is entitled to relief under the federal workmen's compensation act.

The decision was made in the case of D. C. Manning, sailmaker at the Mare Island navy yard, who worked for twenty years without losing a day from illness. A time card system was introduced, and in his plea for compensation, Manning brought out these points:

"Under the time card system you had to give an account of every minue you were on a job, and we were given to understand that the men who did the most work would hold their jobs the longest. Later the Halsey system was introduced. Under this plan a time man, equipped with tablet, lead pencil and stop watch, sat in front of the worker to find out how long it takes to do a certain piece of work. The report to headquarters was your future standard for that class of work.

"The Halsey system is designed to get out of the man employed under it the greatest possible amount of work he can do in a given time, with the fear ever hanging over his head that a failure to keep up to the standard will cause him to lose his job."

Manning was engaged in making coaling bags, which are 42 inches long and eight feet in circumference. It is the hardest work in sailmaking.

Between the physical strength necessary in this work and the mental strain caused by every move being "tabbed," Manning collapsed, and asked for relief under the compensation act because of "a strain from rushing work under the Halsey system." Physicians reported that he would be disabled for life and that he was "suffering from incurable heart condition."

The attending physician reported that Manning was "an unusually vigorous man, as well as an energetic worker."

In endorsing the statement of claimant that he was entitled to compensation, the solicitor of the Department of Labor declared that the treatment accorded Manning was enough to produce insanity. The official said:

"Here was a strong, hearty, hard working employe who, for about twenty years, had been regularly employed by the government, and whose rating was first class. After putting in all those years of service and retaining his health, strength and vigor, a new system was installed in the government establishment by which the employe was kept under the highest nerve-racking tension by reason of the fact that a man sat watching his every movement during every minute of an eight-hour day. In addition to this it will be observed from claimant's letter, above quoted, that the work he was performing was one of the heaviest and hardest kind to be performed in his occupation. Under such circumstances it is not a matter of surprise that his health should be injured and shattered, for it certainly seems that such treatment of a man engaged in heavy manual labor, necessitating also the use of the intellect, would be sufficient to upset the mind of an ordinary individual and produce insanity."

The ruling of the Department of Labor is in line with the views of last Congress, which passed the Deitrick bill outlawing all forms of "speeding up" in government arsenals and navy yards. The passage of this bill was the result of a long campaign by organized labor. Opponents of the bill insisted that these "speeding up" systems really benefited the employe, who was thereby paid "according to his worth."

THAT ROAD TAX.

Local taxpayers do not relish the 25-cent road tax. They declare it is extremely unjust. References are made to the famous old courthouse ring. Harsh words are said.

But that isn't going to change conditions. If the people of this part of the county feel they have been flaunted by the tight little county gang, they should do something besides walk around in a circle talking angrily to themselves.

Supervisor Knott, alone, opposed the direct road tax. He worked tirelessly in an attempt to get fair play for this part of the county.

But Knott, hopelessly in the minority as he is, can't be expected to accomplish everything.

He needs support, the active, unafraid support of all the classes.

ALMOST A YEAR OF IT.

Lemberg has fallen. Again the terrible German war machine demonstrates its efficiency. In Berlin church bells were rung, whistles blown and flags unfurled.

Along an eight-mile front at Arras, the bodies of French men lie rotting in the sun. For weeks they have pounded against the German line with little result.

With mine and submarine and shell they are slaughtering the young men of Europe in the Dardanelles.

And American explosive factories work over time.

NO ONE SQEALS- CASE DISMISSED

Fear of being done bodily harm by his fellow countrymen when he resumes his place among them upon his recovery from the knife wounds inflicted by Ignatio Cambia, evidently restrained Augustine de Sanchez from testifying against Cambia, when the case came up for hearing in Police Judge Lindsey's court yesterday.

When Sanchez thought himself dying a week ago he stated positively that Cambia had knifed him, but yesterday in court he stated that he was not sure. Lee Flores, the Oakland musician, who told a few days ago of how Cambia did the deed, yesterday morning gave very uncertain and halting testimony.

Assistant District Attorney Pearce was so disgusted with the dilatory tactics of the witnesses that he asked the court to have the case dismissed.

The court complied.

GERMAN WORKERS TO GATHER AT THE EXPO.

Saturday, July 3, the German workingmen's singing societies of California will gather at the Exposition. The singing of a chorus of 300 men will be a feature. Members of the local Sanger Verein Vorwarts will attend. The songs to be sung will all have to do with the class struggle. The local society met last night. Officers will be elected Wednesday. There were visitors from Berkeley and San Francisco.

FUNERAL OF E. A. HICKS HELD

CROCKETT, June 23.—Hundreds of willing hands packed the household belongings and members of the Rebekah lodge here fixed up some neat lunches, while the whole community donated to the family of the late Eugene A. Hicks, whose funeral was held today.

The widow and her little ones were heartbroken at leaving Crockett and were escorted to the train by the women of the city.

Hicks was a Socialist and well known in Richmond.

WINTERS WIRES TO LEMBERG

Adolph Winters yesterday dispatched a cablegram to Lemberg, where he fears his mother, Mrs. Elizabeth Winters, may have received ill treatment at the hands of the enemy. He was glad to hear of the fall of Lemberg to the Teuton forces.

COMING TO MACDONOUGH.

"The Birth of a Nation," or "The Clansman," is coming to the Macdonough, Oakland, soon. This world's greatest photo-drama, by D. W. Griffith, is compelled to play return engagements wherever it is shown, to satisfy the thousands who want to see it. Many letters have been received by the management requesting the return engagement. Seats will soon be on sale.

Attention, workingmen. The Brotherhood Glove has durability, fits the hand, and bears the union label. Jones, Adkison & McRacken. tf-adv

Rev. D. W. Calfee will be in charge of the services.

Rev. P. E Petersen, pastor of the First M. E. church, will speak that evening at the First church of Oakland.

CALL FOR BIDS ISSUED

Calls for bids on the concrete work for that portion of the state highway between Tormey and Eckley, a distance of 3.46 miles, was issued on yesterday by the State Highway Commission and the bids must be in by Tuesday, July. 6.

The figures are wanted on the laying of the concrete base. The asphalt surface will be laid by the commission with day labor. The call for bids will be advertised immediately.

Fortified Tires Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top-place tire. They look for a super-tire in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

Isn't best average service, as proved by Goodyear supremacy, the right way to judge a tire?

Lower Prices

On February 1 Goodyear made the third big price reduction in two years. The three total 45%.

Yet the tires are constantly bettered. In five costly ways—each exclusive to Goodyear—our Fortified Tires excel any other tire built. And each is a great trouble-saver.

They mean for you tire content. They mean most for your money, because of our matchless output. For your own sake, try them. The following Goodyear Service Stations will supply you:

SPORT DIARY

HAPPENINGS IN THE SPORTING WORLD : :

ALL BOXERS READY FOR THE GONG AT EIGHTH STREET ARENA TONIGHT

Earl Ritchie, coast amateur heavyweight champion, and Henry Hendricks, one of the best big boys San Francisco has produced in years, will meet in Kirby Floyd's ring in the Eighth street pavilion for the purpose of settling their third glove argument. Since the professional glove game went out in California, and the amateurs took the center of the stage, some good mills have been pulled off in Richmond, Oakland and San Francisco. But tonight's bout between Ritchie and Hendricks promises to be the biggest fistic attraction of the year.

To say that the bugs are smoked up over the match is putting it mildly. Up and down Rue de Macdonald they have done little but discuss the relative merits of Ritchie and Hendricks for the past ten days. Both fighters are a bit peeved at each other. They are as friendly as the Kaiser and King George.

Five other good bouts have been arranged for the evening. Frank Brasil, a favorite on the west side, who is fast forging to the front as one of the cleverest little boys in this section, is scheduled to mill with Ivy Johnson, the Oakland bird, who mussed up Young Butch in a local ring some weeks ago.

Kid Thompson, the San Pablo meteor, who works his arms like a pair of piston rods, and who looks good in there, will box Joe Frank, a tough West Oakland boy, who boxes just for the fun of watching his men hit the mat.

Ed Brown, conqueror of Ivy Johnson, will clash with Battling Verry of Oakland. Brown has a tremendous reach, and heretofore he has been able to win by holding his opponents off, and pecking and peppering them with rights and lefts and jolting them with the sweet uppercut of his.

There will be two preliminaries. The four boys live on the east side of the bay. Matchmaker Raymond Richmond has been fortunate in his preliminaries so far. They have been of action, pep and ginger. These preliminaries will be no exception to the well established rule.

Those who plan to attend the concert of the Richmond band and who wish to see the fights, will have plenty of opportunity to take in both. The fights start about 8:30. The band concert will be over about 9 o'clock, and at its conclusion not more than one or two fights will be over.

Jimmie Silvas, Richmond's peerless referee, who has a reputation that is state wide, will be the third man in the ring at all bouts. Silvas is absolutely fair and impartial. And best of all, he makes the boxers box at all times. He allows no stalling. More power to Jimmie.

Promoter Kirby Floyd has made preparations to handle the big crowd that will undoubtedly crowd into his pavilion. There will be seats for all who attend, he doesn't care how many. A competent force of ushers will facilitate the handling of the crowds.

Although this week's card is better than the average, the prices remain just the same.

Let 'er go.

"After licking Hendricks," said Gay, manager of Ritchie, last night, "Ritchie will box Jim Flynn in Reno, July 5. Arrangements for the bout have been practically completed.

"From there we will go back to New York. I believe that Ritchie is to be a heavyweight champion of the world. But much hinges on the way he performs with Hendricks. If Hendricks can outbox him, then he isn't classy enough to beat the New York favorites. It it up to Ritchie to make good tonght."

Sporting Goulash

Roy Bliss will go to St. Mary's College, Oaland, with the opening of school this fall. With moderation and experience, Bliss may some day become as great a twirler as Oeschger, now in major ball and probably the greatest ball heaver ever turned out by the Phoenix squad.

* * *

That "Cutey" is being watched closely by the big brush is evinced by the following from the "Bulley": "'Babe' Cunningham, formerly Portland outfielder, now with the Richmond Elks—one of the fastest semi-pro teams ever organized—is playing remarkable baseball, and worthy of another chance in fast company."

* * *

The days of competition between Richmond and Petaluma are o'er. It is now up to Richmond to steal the horseshoes from Sebastopol, which we predict will be done Suday.

* * *

Don't be young, B. V. Dear.

* * *

Frank Gordon is probably the best hitting pitcher to be found in the state, and it is certain that he is the best pinch hitter on the local squad. It did the local fans good to see him step into the ball for a two-bagger in the ninth at Sebastopol last Sunday. He should have no trouble hitting Bliss next Sunday.

* * *

AND WHAT IS MORE, RICHMOND WILL DEFEAT SEBASTOPOL NEXT SUNDAY.

Miss Mary Timmons, daughter of A. J. Timmons, 647 Sixth strteet, was awakened by burglars plundering her room Tuesday night. She screamed and the burglar jumped through an open window through which he had entered.

The police were notified.

ROBERT WARWICK IN PICTURE PLAY AT THE RICHMOND THEATRE

A great combination of star actors and interest-holding plots are seen in "The Dollar Mark," playing today at the Richmond theater, in which Robert Warwick, America's foremost actor, takes the leading role. The play was shown to immense crowds yesterday and will be repeated for the last time today. Centering about the financial struggles of Jim Gresham, owner of a mine, it includes all the startling developments of a flood in which Gresham and Alice Chandler float down a raging torrent on a door, the theft of a yacht and many other features.

Always funny, the public has learned to like Ham, the comedian, and his appearance this week is in one of his most laughable farces entitled, "Lotta Cole's Ghost." The Biograph Company also presents a two-reel drama, entitled "The Americano," a tale of old California.

MINISTERS TO MEET TODAY

The Ministerial Union will meet this afternoon at 7:30 at the First Presbyterian church.

Among other things, the ministers will consider the plan of holding union services in the Lincoln school auditorium on Sunday, July 4.

TO CELEBRATE ANNIVERSARY

The 38th wedding anniversary of Rev. D. W. Calfee, head of the Humane Society and former pastor of the Wesley M. E. church, will be celebrated at the church parlors this evening, when members of the congregation will gather for a general good time.

LEAVE FOR HOME.

Mr. and Mrs. E. S. Keyes have departed for Wamego, Kan., after having spent nine months in visiting their daughter, Mrs. B. H. Stoddard, wife of Conductor Stoddard. They regret leaving the many friends they have made during their sojourn here.

They return home over the scenic Western Pacific route.

BIDS ON HALL FIXTURES OPENED

No Action Taken, As City Council Wants to Investigate—Will Go to San Francisco Friday.

Bids on office fixtures for the various departments of the city government were opened by the city council last night, at their mid-week meeting. The bids varied greatly, ranging from a few hundred dollars to over three thousand.

As the council wishes to investigate the matter more before awarding the contracts, the members will go to San Francisco Friday morning to make a tour of the San Francisco offices of the bidders, where they will see the fixtures, vault shelving, etc., on exhibit.

The companies that submitted bids are the W. W. Winthrop, H. S. Crocker Co., Yagman-Erbe company, M. G. West Co., C. H. Jenkins company, Capitol Sheet Metal Works and A. Carlyle company.

EVANGELICAL SERVICES END

The Rev. Frank Dickson, who has been holding Evangelistic services at Stege Presbyterian church, Stege, during the past ten days, will conclude the services this evening.

However, he will preach again, delivering his final address next Sunday morning.

Parents desirous of having their children baptized, can present them for baptism at this service.

A free will offering for the Board of Home Missions will be taken.

MOVE SHOP AND HOME.

Ray Johnson, the genial plumber, has moved his shop from the Bates building on Fourth street, to the Alaska poolroom, recently vacated by Charles Bates. Mrs. Johnson has taken over the management of the rooming house over the Square Deal hardware.

COMING EVENTS.

June 24—Whist party by Richmond Circ. Evening. Score cards 50c. Refreshments and dancing.

June 26—Dance by El Cerrito Camp, M. W. A. at W. O. W. Hall. Gentlemen 50c; ladies free.

June 30—Whist party by Cuetah Council, Degree of Pocahontas, at Pythian Castle. Dancing and refreshments. Score cards 10c.

July 3—Grand Military Ball and drill by Modern Woodmen of America and Moose at East Shore Park.

Goodyear Fortified Tires

Cost Users $5,000,000 Less

Our last price reduction—made February 1st—will save Goodyear users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

Yet Note This

Yet Goodyear Fortified Tires embody many extras. Five are costly features found in no other tire. The rest are found in few.

If we omitted those extras, we could save on this year's probable output $1,635,000. We could add that to our profits, yet Goodyear tires would look as good as now.

This year's improvements alone will cost us $500,000 this year. All to give you extra wear. And we shall spend $100,000 on research this year to find more improvements still.

They Are Yours

These extras belong to you. They mean less rim-cuts, less blowouts, less loose treads. They mean more rubber, more fabric, more mileage, less trouble. Most tire users know that, so Goodyear tires far outsell any other.

Prove it yourself this summer. It will bring you tire contentment.

Any dealer, if you ask him, will supply you Goodyear tires.

Men are now adopting Goodyear tires faster than we can supply them. We have never seen anything like it.
